

Grooming Tent

There will be 30 Grooming Tent spaces available for rent at the Show site, each space will be approximately 8x8 feet with an electrical hook up to a generator. The cost for each space is \$30 including the electrical hook up. Due to AKC regulations regarding generators the tent will not be immediately ringside but will still be conveniently located to the ring and hotel, approximately the same location as BSCA 2007. The size of the tent may change depending upon demand for space. The purpose of the tent is to offer appropriate grooming space for those traveling from out of state.

There will be plenty of space for everyone to set up their own E-Z ups if they so choose. Please keep in mind that the AKC requires all generators to be at least 100 feet removed from the ring and show tent.

Reservations for grooming space can be made through the use of the Master Order Form, deadline for reservations is **April 4, 2016**.
